Dear Aunt Helen + Uncle Walter,

Thank you for your gift, it is very much appreciated. I am one of the luckey seniors, because I have a job. I'm going to be working and living in Roaring Spring Pa. I've just moved into an apartment and the money you sent is helping me to furnish and decorate the apartment.

I'll be starting work on the 9th at New Enterprise Stone and lime Company. I'm not really sure what the job is going to entail but I'm excited about having the job.

I hope the family is doing fine, it has been so long since I've seen all of you. Take care and say hello to Russ, Ann, and the kids.

sincerely
Geoff.
